A Fine Louis XVth Style Meuble a Hauteur D'Appui in the Manner of J-E. Zwiener

Provenance:

German born Joseph-Emmanuel Zwiener worked in Paris at the Rue de la Roquette from 1880 until 1895. An exhibitor and medal winner at the International Expositions, he was noted for his faithful renditions of furniture of the ancien regime with the enhancement of sinuous bronze mounts, a feature our piece exhibits.
