A PAIR OF EMPIRE PERIOD CANDELABRA

H: 24.5 in / 62 cm

Constructed in two colour gilt and patinated bronze; the feminine Grecian figures draped with diaphanous robes blowing bi-form trumpets of swept form, terminating in candle holders, and capped with single candlesticks, dressed with grotesque masks, standing on triangulated bases having canted angles and dressed with stylised amphorae and anthemions.

French, Circa 1815
