AN UNUSUAL REVOLVING DISPLAY CABINET

Ht: 63.5 in / 161 cm | Dia: 24 in / 60.5 cm

Literature:

An Unusual Display Cabinet of 'Lighthouse' form

Constructed in teak; rising from a circular plinth base, inset with a single lockable door housing a shelved interior; the rotating baize shelved top of octagonal form, housing Gothic lancet dressed glazed panels, with two access doors, with the keyholes set in the upper frieze, and having a swept roof surmounted with a finial.

Continental, Circa 1880
