A LARGE OVAL STRUT CLOCK BY THOMAS COLE

Dimensions: H: 11 in / 28 cm

A Large Oval Strut Clock

By Thomas Cole

The case constructed from gilt brass and designed to be as thin as possible, finely engraved throughout, of substantial oval size, and supported by means of a fold-out foot, the outer frame with floral engraved border, the silvered dial decorated in conforming manner and denoting the hours in Roman numerals with blued steel hands, its centre decorated in foliate patterns; the movement with four turned pillars, spring barrel, steel balance and lever escapement and signed to the backplate by the retailer, also denoted on the dial's cartouche "Thos Boxell, Brighton," and numbered to the rear.

Circa 1860
