A pair of vintage Japanese porcelain baluster antique vase lamps

A pair of vintage Japanese porcelain baluster antique vase lamps, with particularly exquisite hand-painted decoration dressed with French bronze mounts. This pair of Japanese porcelain vases, dressed with French bronze mounts, and painted in the Japanese 'floating world' manner, a moment when nature is captured for an instant- a perfect moment of stillness, contrasted with the humdrum, noisy activity of the everyday world with its distractions and noise.

Japanese & French, circa 1880
